Doctor Engleman

Dear Sir

When Prof. Stimpson
gave me the accompanying letter,
Wyoming, & book for your St. Louis
Society, I expected to visit your
city on my way south, but the
sudden severe illness of my wife
made it necessary to hasten to
a warm climate, and we went
to Cairo instead of St. Louis to
take a boat. Will you do me
the favor to deliver the book to
the St. Louis Academy of Science
and explain the delay?

I hope to have the pleasure
of calling on you next month
when I expect to visit your
city. With great respect
W. M. & M. E. Doggett.
